Creating a bespoke coffin

With Kevin, our head designer

I love bluebells, do you have a bluebell design?

Absolutely, we have this beautiful design with a blue sky.

First starting with a base design, we can add more elements.

Oh that is lovely. Can you include my dear cats at all?

Of course, we can use your own photos.

How about some squirrels and birds?

We work closely with you to create a final design that you are 100% happy with.

How is this looking?

Yes, that is perfect. Thank you so much.

You can talk to a designer on the phone at anytime by calling 01865 779172.

Looking at it in church was hugely uplifting, changing the mood of the service into something that really did feel more celebratory than sad. Many people echoing what a fitting and completely personal tribute it was to our lovely Mum. ”

Norman Blythe - Painting a fitting tribute

“When Norman Blythe died, his family chose a Colourful Coffin with a bespoke design featuring a very special painting he had completed after a favourite family holiday in France.

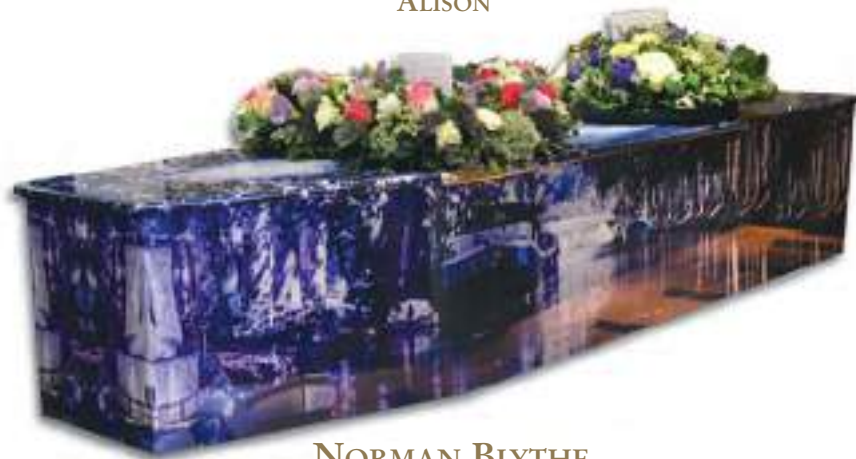

The scene, which depicted the tree-lined tranquillity of the Canal du Midi, was beautifully reproduced on his coffin and made a unique and very poignant farewell to Norman, much loved husband to Jean and father to Alison.

“Dad took up painting when he retired and this picture was especially precious because he painted it for me as a birthday present after we had all been together on canal boat for a day during a lovely trip to France,” said Alison.

“A few days before he died, Dad said he wanted a blue coffin and Mum came up with the idea of using his painting for the design. Colourful Coffins were fantastic, when we saw the proof by email we were impressed, but nothing prepared us for just how beautiful the Colourful Coffin was when we saw it for the first time.

“It created a real stir as we went into the crematorium for the service and the vicar couldn’t take his eyes off it. We told everyone why we had chosen the painting and invited them to come up to the coffin afterwards for a closer look, which they all did. It was a very special occasion and we received some wonderful comments. I’m sure if Dad could have seen it he would have been very proud.”
